

# THE INDUSTRY 4.0 INNOVATION LAB

## ABOUT LET-LAB

Let-Lab, run by the Ham-Let group, is Israel's first Industry 4.0 Innovation lab that will foster a startup ecosystem to empower industrial innovators. Let-Lab will accept Israeli startups into a rigorous 12-month program that is designed to fast-track growth and launch new ventures. Startups will have opportunities to interact with the domain experts, develop solutions for industrial use-cases, and implement their pilot here in Ham-Let and its industry partners.

-  Industrial IoT
-  Industrial VR/AR
-  Smart flow solution

-  Blockchain for industry
-  Big data analytics
-  Robotics and automation

-  AI and predictive analytics
-  Additive manufacturing
-  Production optimization

## LET-LAB ECOSYSTEM

Let-Lab has established a rich ecosystem that includes technology partners, academic institutions, startup hubs and relevant VCs that will give you the right guidance and tools to build your startup.

## HAM-LET GROUP

Ham-Let Group is one of the world's leading companies producing flow instrumentation and solutions. Founded in 1950, Ham-Let Group serves customers in a wide range of segments: energy, chemical, oil & gas, petrochemical, semiconductor, "clean" industries, and more. We have a strong global presence with 14 branches, 5 manufacturing sites and a worldwide distribution network.

# OUR VALUE OFFERINGS

## 1M NIS FUNDING

# OPEN AND COLLABORATIVE WORKSPACE

High speed Wi-Fi, meeting rooms, Robotics and electronics lab

## ADVANCED MANUFACTURING TOOLS

Ham-Let operates its largest manufacturing park in Israel with component fabrication, quality control, and functional testing facilities.

- Automated warehousing tools
- Surface treatment process lines
- R&D labs with high pressure testing

- Class 10 and 100 clean rooms
- Quality assurance equipment
- Product assembly lines

- Hundreds of CNC machines
- CAD, EMS, ERP and other information SW

### IN-HOUSE MENTORING AND STRATEGIC GUIDANCE

Mentoring by engineers and experts in fields of manufacturing technology, R&D, product development and maintenance, quality control and many more.

### PROOF OF CONCEPT DEVELOPMENT

Access to Ham-Let's technical facilities and ecosystem partners, as early adopters, will provide a realistic playground for you to implement your pilot.

## INDUSTRY PARTNERS AND BUSINESS DEVELOPMENT

Ham-Let is an approved vendor for a variety of tier 1 customers in diverse industries such as:

Oil and gas,  
Chemical

CNG/ NGV

Industrial gas  
manufacturing

Energy,  
Ground Turbines

Semiconductor

Analytical

Moreover, FIMI, the leading private equity firm in Israel, is the biggest shareholder of Ham-Let. This relationship will provide the Let-Lab startups with access to FIMI's 35 other portfolio companies. In Let-Lab, you will have the opportunity to interact with the top industry leaders to gain strategic guidance and make unbound progress with your startup idea.
