News and Updates

European R&I Days 2021 – Save the Date!

The European Commission has announced that the third edition of its European R&I Days will take place on 23 and 24 June 2021.

The two-day event will bring together policymakers, researchers, entrepreneurs, and citizens to debate and shape the future of research and innovation in Europe and beyond. Like in previous editions, its policy conference is expected to attract thousands of participants from all over the world.

The event's agenda will focus on new initiatives to strengthen the European Research Area and will also highlight the importance of collective R&I for the main political priorities of the EU.

QuantERA 2021 Co-funded Call Pre-Announced

QuantERA program has published the Pre-Announcement of the 2021 Co-funded Call for Proposals in Quantum Information and Communication Sciences and Technologies. The Call will comprise two topics: Quantum Phenomena and Resources and Applied Quantum Science.

The call is expected to be announced in March 2021, and it will have a two-stage submission process: Anticipated deadline for pre-proposals is 13.5.2021, Anticipated deadline for full proposals (projects that passed the first stage and were invited to submit a full proposal) is 15.9.2021.

The purpose of this Pre-Announcement is to allow those interested to start building consortiums and prepare proposals. A [Partner Search Tool](#) is available.

While applications will be submitted jointly by consortiums incorporating partners from several countries, each partner will be funded by the national or regional funding organization of his country, subject to the eligibility criteria of the various funding organizations and according to the details appearing in the call.

For more details please contact: Tzili.ribak@iserd.org.il
