

Horizon Europe Partner Search Form

x I offer my expertise to participate

x I am planning to coordinate a project and I am looking for Project Partners

Topics
Call identifier: HORIZON-CL2-2026-01-DEMOCRACY-04: Sustainable paths to media viability Headline: Unified trust platform for media
Project information
Field of expertise related to the topic: Designing and building AI tools, journalism, project development
Potential contribution to the project: Building an AI-powered trust governance infrastructure, and understanding how to construct efficient tools for media to combat misinformation
Role in the project: ☐ Research ☐ Training x Dissemination x Technology Development ☐ Other
Project idea: Recognizing the urgent economic needs of media companies, and the growing problems of mis/disinformation and eroding trust: to develop better understanding of how to strengthen and communicate media's trustworthiness. Developing AI-powered trust governance infrastructure for media, enabling editorial teams to verify claims by using original, and highly trusted sources, to discover new sources, and to assess credibility in real time, and helping management teams to distribute content more efficiently, and communicate enhanced trustworthiness. Our work sits at the intersection of responsible AI, information integrity, and improving media resilience to strengthen democracy.
Description of organisation: Finnish startup with expertise in AI solutions, journalism, and project development
Already experience as a Coordinator: ☐ Already experience as a Partner: ☐
