# The Value

## Access Unique Data Sets

Get exclusive benchmarks not offered by other data providers.

## Find Out Where You Perform Best

Identify areas for improvement with detailed industry operating metrics.

## Learn About Your Peers in a Click

Compare performance KPIs with other companies like you.

## Stop Doing Repetitive Tasks

Turn hours of reviewing daily reports and sensor charts into minutes of analysis.

## Prepare Reports for Investors

Use up-to-date, reliable data to prepare your presentations and reports.

## Discover Your Best Contractor

Use benchmarks to find the contractors and technologies that are best for your business.

## Control Your Budgets Better

Predict your operations performance with improved transparency and accountability.

## Integrate with Your Workflow

Download data and reports in a single click, to connect to Excel, Spotfire, PowerBI & more.
